BERTA & butterflies

In a small wooden cottage with a thatched roof, nestled on a meadow near the forest, lived little elephant Berta with her parents - Mama Elephant and Daddy Elephant. Berta loved to wander around the meadow, observing butterflies. Today's weather forecast predicted strong winds. Berta worried that the poor butterflies might be in danger! Help her catch as many of them as possible to move them to a safe place and save them from the gusts!

Controls:

1. Left difficulty switch:

- Beginner - cloud over letter "B"
- Advanced - cloud over letter "A"

2. TV type switch:

- COLOR - sound turned on
- BW - sound turned off

3. Joystick's FIRE button

- start the game

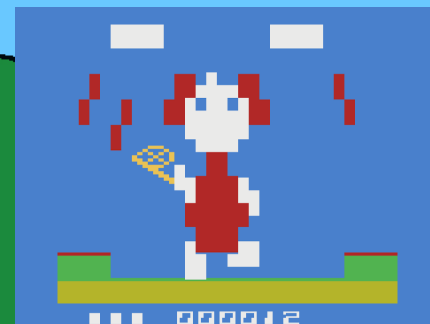

6. Console's RESET button

- start the game

7. Joystick's moves:

- move Berta left, right, up or down

In the beginner mode Berta's net is white, while it is red in the advanced mode.
